

Generational Issues

Bridging The Participation Gap Through Technology

Various technology mediums keep our members more informed which empowers them to be more involved

Recognize our members time management issues

- * Older generation semi-retired and not willing to spend as much time volunteering
- * Younger generation more involved with their own business and is willing to spend less time volunteering

Require our Executive Committee, Board of Directors and Committee Members to have a working email address and internet connection. Our Leadership Team utilizes Microsoft Outlook for scheduling.

Support our technology criteria with a Technology Hotline free to all members

Technology Utilized For Member Meetings

Technology Meeting Rule #1

TECHNOLOGY IS NOT A REPLACEMENT
FOR FACE TO FACE CONTACT...BUT
RATHER AN ADDITIONAL MEDIUM TO
STAY IN CONTACT
